

DOROT *Automatic Control Valves*

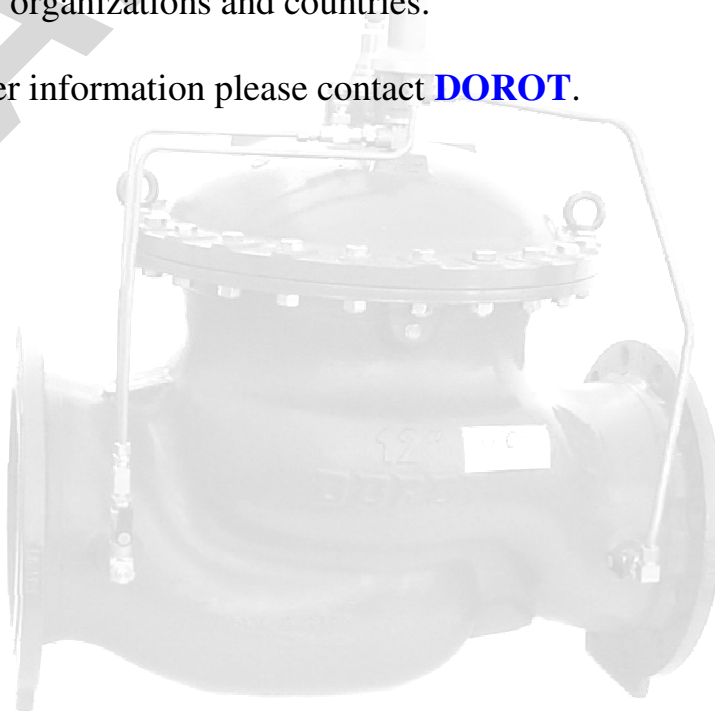

DOROT Automatic Control Valves is an industrial enterprise owned by kibbutz Dorot.

DOROT is specialized in development, production and application of automatic control valves for agricultural, industrial and water supply systems.

The quality system in **DOROT** is with compliance to ISO-9001 standard. Refer to **DOROT** Quality Policy enclosed herein.

The enclosed list includes official approvals and certificates from various institutes, organizations and countries.

For further information please contact **DOROT**.

List of Certificates and Approvals

International

IQNET (The International Certification Network), Certificate of approval for DOROT Quality Management System in accordance with “ISO 9001”

Israel

Certificate of approval for DOROT Quality Management System in accordance with “SI ISO 9001”.

License No. 7442 for series “100” (“GAL”) valves, in accordance with SI 1644.

License No. 7442 for series “300” valves, in accordance with SI 1644.

License No. 1610 for Fire Hydrant : Fire Valve, in accordance with SI 448 Part 1.

License No. 888 for Copper Alloy Valves : Oblique Valve , in accordance with SI 272.

U.K

WRAS (Water Regulations Advisory Scheme) certificate for Series “300” Model “30” and Series “300” Model “31” Pilot operated control valve – Pressure reducing, No. 9905059.

WRAS (Water Regulations Advisory Scheme) certificate for Series “100” Model “77” Pilot operated control valve – Pressure reducing, No. 9905060.

WRAS (Water Regulations Advisory Scheme) certificate for Series "100" Model "77" Pilot operated pressure relief control valve – Quick relief , No. 0007105.

WRAS (Water Regulations Advisory Scheme) certificate for Series "200" Model "67" Pilot operated pressure relief control valve – Quick relief, No. 0007106.

WRAS (Water Regulations Advisory Scheme) certificate for Series "100" Model "77" Pilot operated pressure relief control valve – Pressure sustaining , No. 0007107.

WRAS (Water Regulations Advisory Scheme) certificate for Series "300" Model "30" and Series "300" Model "31" Pilot operated pressure relief control valve – Pressure sustaining, No. 0007108.

WRAS (Water Regulations Advisory Scheme) certificate for Series "100" Pilot operated float control valves, No. 0009092.

WRAS (Water Regulations Advisory Scheme) certificate for Series "300" Pilot operated float control valves, No. 0009093.

WRAS (Water Regulations Advisory Scheme) certificate for Series "300" Non-Return – Hydraulic Operated valves, No. 0010071.

WRAS (Water Regulations Advisory Scheme) certificate for Series "100" Stop – Electrical – Pilot Operated Control Valves, No. 0103087.

WRAS (Water Regulations Advisory Scheme) certificate for Series "300" Stop – Electrical – Pilot Operated Control Valves, No. 0103088.

U.S

U.L (Underwriter Laboratories) certificate for series "100" model "44" and model "47" series "300" model "30" and model "31" Fire pump relief valve, listing No. Ex4505.

U.L (Underwriter Laboratories) certificate for series '300' model '30' and model '31' Pressure Reducing Valve valves.

ANSI / NSF Standard 61
Drinking Water System Components – Health Effects
Series '300' Basic valves. Listing No. 81870/81871B
